EDUCATION

2019-2021
Higher Secondary School(Science Stream)
SNV HSS Angadical South

My +2 school life was an incredible journey filled with discovery, growth, and unforgettable memories. It was a time of exploration, where I developed a passion for learning and built strong bonds with friends and mentors. Those two years were foundational in shaping my academic and personal interests, and I'm grateful for the experiences that helped me grow

2021-2025
Bachelor of Engineering-Computer Science
Anna University

College life was a transformative experience that broadened my knowledge, fostered lifelong friendships, and instilled a sense of responsibility. It was a time of growth, learning, and self-discovery, shaping me into a capable and driven individual ready to take on new challenges.
